Reception at Colony Theater

Spring 2008

The final event of the year was our annual meeting and ninetieth anniversary celebration. See the story on Page One.

Alpha Association Annual Meeting, Continued from Page One

in 1995 is the Association's newest scholarship endeavor, through which an estimated \$66,250 in modest grants have been awarded to 163 qualified seniors from local high schools, money to be used primarily in preparation for college admission. The estimated total of the grants in these three scholarship programs has now reached nearly \$1,400,000.

Three recipients of the three programs were special guests at this anniversary celebration, each coming to the podium to relate his activity since receiving the grant. Jason Yan, when a senior at Theodore Roosevelt High School in Los Angeles, was a 1999 recipient, and is now back at his high school as a mathematics teacher for the Roosevelt Magnet program. Armen H. Dikranian received the Graduate Study Award as a USC senior in 1995. He became a medical doctor and is now a

urologist specialist in the San Gabriel Valley. Theodore Christov of Bulgaria, a current international scholar, received his Ph.D. degree in political science this spring from UCLA, where he will continue as a post-doctoral student.

The mission of Phi Beta Kappa Alumni in 1908 was in words of today, "to support liberal education and life-long learning by providing high quality programs and interaction opportunities for members and scholarships for students." Alpha Association's hundreds of members over the ninety years have faithfully upheld that mission. With their example we move forward to our Centennial.

President's Message Continued from Page One

liberal arts education instilled a love of learning that sustains him today, and that he now conveys to his students at his alma mater, Roosevelt High. It was a proud moment for our Association. And, it is truly inspiring to look at the achievements of past Phi Beta Kappa High School Award winners that appear under the heading "Where Are They Now?" in this newsletter and think that we may have played a small part.

I invite you to join us in the coming year as we celebrate the PBK tradition of vigorous intellectual engagement followed by "jollity and mirth" and as we raise funds to support a new generation of liberal arts scholars.

Cecilia Conrad
